

BRICK STREET

Not Wanted by the Citizens of Maysville Street

Says Hon. John G. Winn in Open Letter We Gladly Publish.

We are in receipt of an open letter from Hon. John G. Winn relative to the improvement of Maysville street, now under consideration by the Mayor and City Council. As he is a large property owner and respected citizen, we ask that his suggestions be given careful consideration. His letter is as follows:

Editors of the Advocate:—
The news items appearing in your contemporaries last week concerning the action of the City Council with reference to Maysville street is calculated to create a wrong impression on those who read it. No citizen residing on Maysville street petitioned the Council on that occasion to put down paving of any kind, or to construct or reconstruct the street in any manner.

Many of them, including myself, think the vitrified brick paving unsuitable and undesirable for a residence street, and they think the Council should investigate and consider all the modern methods of street construction before choosing any. But they do not want them to "improve" the street in any way at the exclusive cost of the citizens who own lots bordering on it. This is proven by the overwhelming written protest against such action, which I have presented to the Council heretofore and which is now on file among its records.

What the citizens residing on that street do want is a good macadam street, such as met our needs so well for a great many years. If there are improved ways of building the turnpike road, some of them ought to be used. We are entitled to this at the public expense. The maintenance of streets is one of the principal items for which we are all heavily taxed, and the citizens who live

on Maysville street are entitled to have their street made passable at the expense of the city.

The large cost of building this expensive brick street is extremely burdensome to any owner of residence property and there are some residing on Maysville street to whom the assessment will almost amount to confiscation. The arguments that may seem to justify such an assessment against business property are not at all applicable to its imposition on residence lots. We have brick streets in the central business portion of our city. I have borne without protest my share of the burden of those. But these streets that are outside the business center surely can be built and maintained on a less expensive plan.

No man in the conduct of his own business would incur such a heavy expense when a much smaller outlay could be made to serve the same purpose. Why should the public business be conducted differently?

If Maysville street cannot be put into good condition as a modern macadam roadway without greater expense than the City Treasury ought to meet, I am sure that liberal contributions would be made by the residents toward sharing the cost with the city. I would cheerfully help. Let us have a good road at reasonable cost and not go to extraordinary expense beyond the ability of our citizens to bear. Those whom we elect to serve us ought to protect us along this line.

I shall be obliged if you will make this public through your columns.

Yours truly,
JOHN G. WINN.

Madame Sherry.

The performance of Madame Sherry at the Tabb Opera House Monday night was attended by a large crowd. The stage settings were very fine and the costumes especially pretty and attractive. The various parts were taken well, but the superb singing and dancing of Miss Winters as Yvonne and the acting of Mr. Merket as Theophilus so far outclassed the others as to make them appear to a very bad advantage. However, taken all in all, it was well worth going to see.

COUNTY FAIR

Selects July 30, 31, August 1 and 2 For Dates.

The Fair This Year Promises to be Better Than Ever Before.

The Board of Directors of the Montgomery County Fair Association held a meeting last week and selected the above dates for the holding of their Fair this year. The old officers were re-elected with C. G. Thompson as President and Treasurer and W. C. Hamilton, Secretary. It is announced that the Fair will be the best ever held by the Association and that the programme will be out by March 20th, and will contain several attractive features. It is also announced that there will be several stakes offered for Trotters and Pacers, with good Poultry exhibit and Floral Hall premium list.

Fish for Streams.

Mr. J. Clay Cooper, Secretary of the Montgomery Fish Club, received Friday from the Government 6,000 rainbow trout and placed same in the streams of Slate and Lulbegrud creeks. During the month of May he will receive 500,000 yellow perch and 500,000 pike perch, which will also be placed in these streams.

Any farmer in the county desiring to stock their ponds can secure any reasonable number of minnows by notifying Mr. Cooper at once.

Since its organization a short time ago the Montgomery Fish Club has placed a large number of minnows in the streams of this county and it will only be a short time until there will be an abundance of the finney tribe in Montgomery county. The club is doing all within its power to suppress lawlessness and has offered a standing reward for the arrest and conviction of any violator. All true fishermen and sportsmen are urged to assist the club in every way possible in helping enforce the law.

The Tabb to Make Extensive Improvements.

The management of the Tabb Opera House has announced that during the spring and summer extensive improvements and remodeling will be made, same to be commenced next month. The stage opening through which the audience views the play will be increased from the present 19 feet in width to 28 feet and made five feet higher. The stage, which is now 22 feet deep, will be made 30, and the capacity of the rigging loft also increased. Dressing rooms will be built underneath the stage and the room occupied by them will be used for storing scenery. The balcony will be "horseshoed" around both sides of the theatre, increasing its capacity. The seating capacity of the entire house will be largely increased, and when the improvements are all completed Mt. Sterling can boast of a theatre second to none east of Lexington. Many managers of the largest producing companies in America have assured the management of The Tabb that their theatre will not be overlooked the coming season. During the coming fall Manager Wilkerson will make a trip to New York and secure the leading attractions for the season 1913-14.

A first class theatre has long been needed in Mt. Sterling, as the present stage is too small to accommodate many of the larger attractions, and it affords us much pleasure in making the above announcement and predict that the theatre-going public will reciprocate by filling the house whenever a play of merit is offered, and it is the intention of the management to have no other kind.

While these improvements are in progress the picture shows at the Tabb will not be interrupted and the patrons will continue to get a run for their money.

Six O'Clock Dinner.

Miss Mattie Judy Botts entertained the following Saturday with a delicious six o'clock dinner at her home on Sycamore street: Misses Julia Rodman, Emily Tipton, Kathleen McCabe, Messrs. Howell Hunt, William Oldham, Jackson Stofor and W. F. Brown.

COUNTY EXEMPT

From Brick Street Assessment Says Court of Appeals.

Contentions of County Authorities Sustained in Sweeping Victory.

In the case of the City of Mt. Sterling vs. Montgomery County, growing out of the refusal of the Fiscal Court to pay a brick street assessment for brick streets around Court House and County Jail, the Court of Appeals has decided that the property of the county is exempt from such assessments. The exact question had never been passed upon in Kentucky and the case has attracted much interest, especially in Winchester and Maysville, where the same state of affairs exist. After discussing at great length the points involved the Court sums up its opinion follows:

"Upon the whole case our conclusion is that in the absence of express authority by the statute, one public agency of the State cannot impose burdens in the way of indebtedness upon another public agency of the State without its consent and therefore the judgment of the lower Court is affirmed."

This was the contention of Judge McCormick and the majority of the Fiscal Court, from the beginning.

The case has been handled from the start for the city by Attorneys W. B. White and W. C. Hamilton and for the county, by County Attorney Earl W. Senff.

The amount involved is approximately \$4,000.00 under both contracts and while it is contended by some that the contractors will lose, it is our belief that the city will ultimately be made to pay the contractors for their work.

Former Mt. Sterling Woman Brought Here for Burial.

The remains of Mrs. Margaret Wilkerson Jones, wife of Hew D. Jones, of Central City, Ky., and daughter of Joe H. Wilkerson and wife, of Louisville, Ky., were brought here Friday noon and laid rest in Machpelah.

Services were conducted at the grave by Rev. J. W. Porter, of Lexington, Ky., assisted by Rev. George Kemard, of Mt. Sterling.

She was 41 years of age, a member of the Baptist church from childhood. She was a devoted Christian woman, whose entire life was one continual ray of Christian sunshine. She was so ready and willing to go to sleep in Jesus, and to know her was to love her.

Her remains were met at the train by a host of relatives and friends to pay the last token of love and respect.

She is survived by her husband, Hew D. Jones, mother and father, J. H. Wilkerson and wife, one brother, Frank Wilkerson, three sisters, Mrs. Dillard Hadden, Mrs. Logan Fontaine and Miss Julia Wilkerson. Those from a distance who attended the funeral were Rev. J. W. Porter and wife, Lexington; Mrs. Anna Fox, Winchester; Mr. Napier, Louisville; Mr. Davis, of Central City; Mr. Asa Kidd and wife, of Thompson; Ollie Hadden and son, of Indian Fields; Misses Lena and Fannie Hisle, of Lexington.

Ton of Coal Being Sent

Out of Missoula by Parcel Post.

What is, perhaps, the most unique parcel post package in the country was handled by the Missoula postoffice last week. It consisted of an eight-pound chunk of coal, the first of a shipment of a ton of coal that is being sent by the Perry Coal Company, of this city, to H. Hickman, the proprietor of the Success Restaurant in Butte, the smallest eating house in the world.

Hickman's restaurant is a hole in the wall, measuring five by ten feet. Until he came to Missoula 18 months ago, J. M. Swango, the manager of the Perry Coal Company, handled coal in Butte. One of his customers was Restaurateur Hickman.

A few days ago Swango received a letter from Hickman in which he ordered a ton of coal by parcel post. "I haven't had good coal since you left Butte," wrote Hickman. "Send me a ton by parcel post. Remember that my coal bin is no larger than a coal bucket."

Hickman may have been joking. Manager Swango, however, is taking his order seriously. This is evidenced by the first installment of an eight-pound shipment of coal which he made last week. He expects to keep on sending it each Saturday. Manager Swango enclosed a bill for two cents. The postage on the coal was 32 cents. If the entire ton is sent by parcel post it will cost Hickman about \$80.—Missoula Sentinel.

KNOW IT WELL

Familiar Features Well Known to Hundreds of Mt. Sterling Citizens.

A familiar burden in many homes. The burden of a "bad back." A lame, a weak or an aching back often tells you of kidney ills. Doan's Kidney Pills are for weak kidneys. Here is Mt. Sterling testimony.

S. T. Greene, 62 Holt Ave., Mt. Sterling, Ky., says: "I have used Doan's Kidney Pills and they have always done me so much good that I am glad to express my high opinion of them. I had a great deal of trouble from the kidneys. The kidney action was too frequent, especially at night, but the flow of the kidney secretions was scanty. The secretions also contained sediment. My back ached and I had pains through my sides. Seeing Doan's Kidney Pills advertised, I got a supply at Duerson's Drug Store and used them. They brought the best of results."

When I looked in the oven it was cracked in the dome,

Then I wished to old Mike I had bought it at home.

MR. BRYAN'S APPOINTMENT.

That time works wonders is evidenced by the recent utterance of the President regarding the appointment of Mr. Bryan.

"President Wilson correctly interpreted Democratic sentiment when he placed William Jennings Bryan at the head of the Department of State, the position occupied by Jefferson, Marshall, Madison, Monroe, Adams, Van Buren, Marcy and Seward.

"The Cradle of America, its participation is evidenced by a man, a man who places him in touch with the people of all nations and who will undoubtedly take in the international affairs of the globe.

"President Bryan assumes an office, possessing the confidence of the entire country, as a man of integrity and ability, and the representative of other nations have full respect for those qualities, especially so, when supporting the high ideals of international relations which Mr. Bryan is known to entertain."

Play Ball

The fans will meet Wednesday afternoon at the Court House at 2 o'clock and the question of whether or not Mt. Sterling will have a team in the Blue Grass League will then be determined. It is believed that Newport and Cornington will be in the league this year, which will strengthen it a great deal. It is hoped that all those interested in the sport will make special effort to attend this meeting.

Wilson Inaugural Address Has Ring of Real Progress

New Jersey Man's Idea of Square Deal For Everybody is Brought Out in Brief But Pointed Speech to Great Throng.

WASHINGTON, March 4.—The inaugural address of Woodrow Wilson, 27th President of the United States, delivered to the great throng which witnessed the installation of the second Democratic President since the Civil War, rings with the New Jersey man's idea of the square deal and of real progress. Mr. Wilson said:

"There has been a change of government. It began two years ago, when the House of Representatives became Democratic by a decisive majority. It has now been completed. The Senate about to assemble will also be Democratic. The offices of President and Vice President have been put into the hands of Democrats. What does the change mean? That is the question that is uppermost in our minds today. That is the question I am going to try to answer, in order, if I may, to interpret the occasion.

"It means much more than the mere success of a party. The success of a party means little except when the Nation is using that party for a large and definite purpose. No one can mistake the purpose for which the Nation now seeks to use the Democratic party. It seeks to use it to interpret a change in its own plans and point of view. Some old things with which we had grown familiar, and which had begun to creep into the very habit of our thought and of our lives, have altered their aspect as we have latterly looked critically upon them, with fresh, awakened eyes; have dropped their disguises and shown themselves alien and sinister. Some new things, as we look frankly upon them, willing to comprehend their real character, have come to assume the aspect of things long believed in and familiar, stuff of our own convictions. We have been refreshed by a new insight into our own life.

"We see that in many things life is very great. It is incomparably great in its material aspects, in its body of wealth, in the diversity and sweep of its energy, in the industries which have been conceived and built up by the genius of individual men and the limitless enterprise of groups of men. It is great, also, very great, in its moral force. Nowhere else in the world have noble men and women exhibited in more striking forms the beauty and the energy of sympathy and helpfulness and counsel in their efforts to rectify wrong, alleviate suffering and set the weak in the way of strength and hope. We have built up, moreover, a great system of government, which has stood through a long age as in many respects a model for those who seek to set liberty upon foundations that will endure against fortuitous change, against storm and accident. Our life contains every great thing and contains it in rich abundance.

EVIL HAS COME WITH GOOD.

"But the evil has come with the good, and much fine gold has been corroded. With riches has come inexcusable waste. We have squandered a great part of what we might have used, and have not stopped to conserve the exceeding bounty of nature, without which our genius for enterprise would have been worthless and impotent, scorning to be careful, shamefully prodigal as well as admirably efficient. We have been proud of our industrial achievements, but we have not hitherto stopped thoughtfully enough to count the human cost, the cost of lives snuffed out, of energies overtaxed and broken, the fearful physical and spiritual cost to the men and women and children upon whom the dead weight and burden of it all has fallen pitilessly the years through. The groans and agony of it all had not yet reached our ears, the solemn, moving undertone of our life, coming out of the mines and factories and out of every home where the struggle had its intimate and familiar seat. With the great government went many deep secret things which we too long delayed to look into and scrutinize with candid, fearless eyes. The great government we loved has too often been made use of for private and selfish purposes, and those who used it had forgotten the people.

"At last a vision has been vouchsafed us of our life as a whole. We see the bad with the good, the debased and decadent with the sound and vital. With this vision we approach new affairs. Our duty is to cleanse, to reconsider, to restore, to correct the evil without impairing the good, to purify and humanize every process of our common life without weakening or sentimentalizing it. There has been something crude and heartless and unfeeling in our haste to succeed and be great. Our thought has been 'Let every man look out for himself, let every generation look out for itself,' while we reared giant

To Our Friends and Neighbors

You know us. You know we would not—that we could not afford to—go back on our word. Nor can you afford to ignore this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the best bowel remedy ever made—the most pleasant-to-take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

We wouldn't say this if we didn't believe it to be true. We wouldn't risk our reputation by making such statements did we not feel sure you would find them true.

Our faith is built both on the knowledge of what Rexall Orderlies are made of and on observation of very many severe cases in which they have proven their merit.

Try them at Our Risk

If they do not abundantly prove their merit with you also—if you are not entirely satisfied with them—we will refund your money—and we will do that on your mere say-so. We don't ask you to risk a penny. Isn't that fair?

Just let the bowels fall in properly doing their work—just let their action be delayed and incomplete and the entire system and every other organ suffers. Waites that

GEIGER'S PHARMACY

MT. STERLING The Rexall Store KENTUCKY

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

America's Finest Store for Women's Apparel

Gives touch of World's great fashion centers

THE wonderful success of the New and Greater Gutman Store for the first twelve months, now coming to a close, has more than justified our belief a year ago that the requirements of the women of Kentucky, Indiana and the South were as varied as in any fashion center in the world.

Through the indefatigable and intelligent service of our New York and Paris offices, combined with liberal merchandising ideas, we have given this store the genuine touch of the world's two great fashion centers.

We want every woman to feel and know that this store is for woman's advantage, for meeting woman's requirements in everything in "women's wear, ready to wear."

Every service, every comfort, every convenience for adding to the pleasure of her shopping and the study of fashion's decrees, are, and will continue to be at her command.

To the women of this locality, we extend a cordial invitation to visit and go through this vast establishment—the finest women's apparel store in America—to make it their headquarters when in the city—enjoy the comforts of our rest rooms, and avail themselves the advantages of our free checking services for their baggage and parcels.

machinery which made it impossible that any but those who stood at the levers of control should have a chance to look out for themselves. We had not forgotten our morals. We remembered well enough that we had set up a policy which was meant to serve the humblest as well as the most powerful, with an eye single to the standards of justice and fair play, and remembered it with pride. But we were very heedless and in a hurry to be great.

SOBER SECOND THOUGHT NOW.

"We have come now to the sober second thought. The scales of heedlessness have fallen from our eyes. We have made up our minds to square every process of our national life again with the standards we so proudly set up at the beginning and have always carried at our hearts. Our work is a work of restoration.

"We have itemized with some degree of particularity the things that ought to be altered and here are some of the chief items: A tariff which cuts us off from our proper part in the commerce of the world, violates the just principles of taxation, and makes the Government a facile instrument in the hands of private interests; a banking and currency system based upon the necessity of the Government to sell its bonds fifty years ago and perfectly adapted to concentrating cash and restricting credits; an industrial system which, take it on all its sides, financial as well as administrative, holds capital in leading strings, restricts the liberties of labor and limits the opportunities of labor, and exploits without renewing or conserving the natural resources of the country; a body of agricultural activities never yet given the efficiency of great business undertakings or served as it should be through the instrumentality of science taken direct to the farm, or afforded the facilities of credit best suited to its practical needs; water courses undeveloped, waste places unreclaimed, forests untended, fast disappearing without plan or prospect of renewal, unregarded waste heaps at every mine. We have studied as perhaps no other nation has the most effective means of production, but we have not studied cost or economy as we should either as organizers of industry, as statesmen, or as individuals.

"Nor have we studied and perfected the means by which government may be put at the service of humanity, in safeguarding the health of the Nation, the health of its men and its women and its children, as well as their rights in the struggle for existence. This is no sentimental duty. The firm basis of government is justice, not pity. These are matters of justice. There can be no equity of opportunity, the first essential in the body politic, if men and women and children be not shielded in their lives, their very vitality, from the consequences of great industrial and social processes which they can not alter, control, or singly cope with. Society must see to it that it does not itself crush or weaken or damage its own constituent parts. The first duty of law is to keep sound the society it serves. Sanitary laws, pure food laws, and laws determining conditions of labor which individuals are powerless to determine for themselves are intimate parts of the very business of justice and legal efficiency.

SOME THINGS WE OUGHT TO DO.

"These are some of the things we ought to do, and not leave the others undone, the old-fashioned, never-to-be-neglected, fundamental safeguarding of property and of individual right. This is the high enterprise of the new day: to lift everything that concerns our life as nation to the light that shines from the hearthfire of every man's con-

science and vision of the right. It is inconceivable that we should do this as partisans; it is inconceivable we should do it in ignorance of the facts as they are or in blind haste. We shall restore, not destroy. We shall deal with our economic system as it is and as it may be modified, not as it might be if we had a clean sheet of paper to write upon; and step by step we shall make it what it should be, in the spirit of those who question their own wisdom and seek counsel and knowledge, not shallow satisfaction or the excitement of excursions whither they cannot tell. Justice, and only justice, shall always be our motto.

"And yet it will be no cool process of mere science. The nation has been deeply stirred, stirred by a solemn passion, stirred by the knowledge of wrong, of ideals lost, of government too often debauched and made an instrument of evil. The feelings with which we face this new age and opportunity sweep across our heart-strings like some air out of God's own presence, where justice and mercy are reconciled and the judge and the brother are one. We know our task to be no mere task of politics, but a task which shall search us through and through, whether we be able to understand our time and the need of our people, whether we be indeed their spokesmen and interpreters, whether we have the pure heart to comprehend and the rectified will to choose our high course of action.

"This is not a day of triumph; it is a day of dedication. Here muster, not the forces of party, but the forces of humanity. Men's hearts wait upon us; men's lives hang in the balance; men's hopes call upon us to say what we will do; Who shall live up to the great trust? Who dares fail to try? I summon all honest men, all patriotic, all forward-looking men, to my side. God helping me, I will not fail them, if they will but counsel and sustain me!"

A TIP

To you, Mr. Business Man, who is trying to make your dollars count.

It stands to reason that you can buy a suit of Made-to-Measure Clothes for less at the "PANTORIUM."

WHY?

Because there are no high salaries, no high rents and other expenses added to the profit on YOUR suit.

You pay a REASONABLE profit and receive FULL value for your money. Fit and extraordinary garments in every suit. Your clothes kept in order. "Pantorium" seems reasonable, doesn't it?

Children Should Have Good Light for Studying

A poor light strains the eyes, and the injurious effects may last for life. An oil lamp is best. The light from the Rayo Lamp is soft and mellow. You can read or work under it for hours without hurting your eyes.

The Rayo is constructed scientifically. It is the best lamp made—yet inexpensive and economical.

The **Rayo** Lamp, made of solid brass—nickel plated. Lighted without removing chimney or shade. Easy to clean and rewick. Made in various styles and for all purposes.

SADDLE HORSE GOSSIP.

One of the best prospects for the two-year-old harness and saddle classes this year is the handsome stallion, Emerald LeGrand, owned by James Anderson of Montgomery county, Ky. This colt is a beautiful bay in color, with star in forehead and left hind foot white. Individually he is perfect: has fine style and action, with a brilliancy like a diamond, and the flash and dash of a meteor. His blood lines are the very best, he being sired by Star Emerald, by Emerald Chief, by Bourbon Chief. Dam Coronation, by Stephens' LeGrand, he by Mambrino LeGrand, he by Highland Chief, 2nd dam Frankie Cloud, by Red Cloud, he by Indian Chief; 3rd dam Bell by Rhoderick. Emerald LeGrand has been thoroughly broken to harness and partly gaited and possesses the earmarks of a winner. He must be seen to be appreciated.

J. L. Faulkner, of Montgomery county, Ky., has a great prospect for a show horse this year in his stallion by Emerald Chief. This horse is bred in the purple and is a good actor and a great performer, and in the hands of E. F. Herriot is sure to develop into a fine show horse for the gaited class. Mr. Faulkner is to be congratulated on being the owner of such an excellent prospect and without question this horse will be heard from in the coming summer.

Walter Rice, of North Middle-town, Bourbon county, has taken up his two-year-old stallion, Rockland Chief, and begun working him under the saddle. Rockland Chief was sired by Bourbon Chief, dam by Cloud McDonald; 2nd dam by Wilson's King; 3rd dam by Yellow Jacket, and is a bay, with left hind foot white, and stands 15 hands 1 1/2 inches. He is an excellent individual, possessing fine style, carrying his head like a peacock in front and behind, and when moving shows that perfection of motion, that brilliancy of action, that easy going stride essential to show winners, and will prove a hard nut for the much-touted two-year-old Futurity candidates to crack. Rockland Chief will undoubtedly be heard from in the show rings the coming season, and possesses every reason to be a blue ribbon winner, as his ancestry have been producers of show winners all down the line. This colt carries a beautiful tail, and, take it from us, will bring home the "candy and coin" when the bell taps for the ringing down of the curtain this year on the fairs and horse shows.

MONTGOMERY COUNTY PRODUCTS.

a show horse family that will live as long as show horses continue, was all made here. Remove the grand old hero, could our minds realize what an awful gap it would lay in the nation's production of saddle or show horses. Through Bourbon Chief, fame to both men and horses has come, and goes on adding new members to the list.

Bourbon King and Montgomery Chief, own brothers, by Bourbon Chief, out of old Anna C., by Wilson's King, first nipped the succulent, dew-laden grass on the farm of their breeder, R. Bruce Young. The show ring career of these two horses has few, if any, equals in history, and greater still each has founded a family of winners.

Tattersall, conceded the greatest saddle show gelding of his time and later mated with Eckersall and sold for \$6,500, was bred by J. Gano Johnson, who also owned later the immortal Emerald Chief, the World's Fair winner at three years old. Emerald Chief died at 5 years old, yet his greatness can never be forgotten as his sons and daughters have proved their greatness in the ring against the best horses of today. The loss of this wonderful horse cannot be estimated.

Bourbon Prince, a stallion with a show record from Kentucky to Madison Square Garden; also his full brother, Dolan Chief, was bred by Ernest Gillispie.

Golden Buttery, winner of among others, the \$1,000 gaited stake at Lexington in 1910, was bred by Bridges Bros., passing to T. F. Triplett in her 2-year-old form and under Arrington Johnson her greatness was discovered. In earlier days, Roscoe, owned

County Court-day at the Court House door in Mt. Sterling, Kentucky, at about the hour of one o'clock p. m., proceed to offer for sale to the highest and best bidder, upon a credit of one-third cash, one-third in 6 months, and one-third in 12 months, the deferred payments to bear interest, or upon a larger payment in cash if the purchaser so desires, the following described land, known as the Foster farm, situated, lying and being in Montgomery county, Kentucky, on the waters of Grassy Lick, and bounded and described as follows, to-wit:

Beginning in the center of the Grassy Lick pike, corner with Jones; thence with the center of said pike S. 3/4 W. 32 poles, S. 1/4 E. 1/4 poles, S. 3/4 E. 1/4 poles, S. 1/4 E. 30 poles, S. 3/4 E. 4 poles, S. 7/8 W. 34 poles, S. 1/4 W. 64-1/2 poles, corner with H. C. Howell, thence leaving the pike N. 75 1/2 E. 100-3/10 poles to a walnut stump, corner with same and John Peggs; thence N. 3/4 E. 80-1-1/2 poles to a stone, corner with Peggs and Drennon; thence N. 1/4 E. 114 S. 1/2 pole to a stake, corner with H. C. Howell and the Gulkey farm; thence N. 3/4 W. 114 pole to a stone, corner with Simpson Morgan; thence N. 80 W. 30 poles to the beginning, containing 188 acres, 1 rood and 25 poles.

PIERCE WINN, As Trustee for Mary A. McClure.

and bred by J. T. Woodford, won fame and fortune for his owner. Showing 25 times won 24 first ties, Senator Blackburn being the only horse to ever defeat him. Along about this time Senator Blackburn owned by G. C. Everett was making a show record that few horses of his time ever equaled, winning at all the County Fairs, and later under the guiding hand of N. H. Rowland, defeated at Chicago the pick of the land, 32 horses showing.

Blue Jeans, noted the world over, was owned by both Clayton Howell and J. T. Woodford for many years, his fame rising at this time.

Forest Denmark, who, in a large measure sustains the Denmark family, spent his life practically at the Woodford Stock Farm, where today Sterling Chief stands at its head. Dillard Dudley, a champion in his day, twice defeating Black Squirrel, at one time was owned here. To James W. White we give credit for pos-

BRONCHITIS SUFFERER

Takes Druggist's Advice With Splendid Result.

If anyone should know the worth of a medicine, it is the retail druggist who sells it over his counter every day in the week, and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Ulmer, of West Sand Lake, N. Y., says: "For a number of years I was a great sufferer from bronchitis. Last July I had an attack which was more severe than any, and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did, with wonderful results. My cough has left me; I have gained in weight and appetite, and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without the greasy oil, aided by the blood-making and strength-creating properties of tonic from that makes Vinol so efficient.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not.

W. S. LLOYD, Mt. Sterling, Ky.

sibly Forest Denmark's best produce as a gaited horse. The Chancelor having over 100 ties won, his dam was a daughter of Senator Blackburn. McDonald Chief, one of the greatest horses as a show horse and sire, spent many years here the property of John S. Wyatt. This horse shares with Rex Peavine the honor of the best son of Rex McDonald. Jack Barrymore, the gray sensation of 1912, was bred by Richard Conner, deceased. Here stands out an instance showing the possibilities of our farmers with one or two good mares, patronizing the best horses. It pays to increase our chances by judicious mating.

Emerald Ray, a son of Emerald Chief from a Senator Blackburn dam, stepped into the lime light last season, defeating all he met, winning the gaited stallion class over Richeha King, Star Emerald and Meteor Chief.

Naughty Marietta, the black daughter of Highland Gay, was bred by Bridges Bros., and in Shropshire's stable was the three gaited sensation of 1911. This farm showed last year a splendid yearling by Highland Gay, landing 2nd money in the big futurity at Lexington. Blue Grass Flour-mill.

CORRESPONDENCE.

STOOPS.

(By B. M. Goodlan.)

Most tobacco men will finish sowing tobacco beds this week.

Most renters have finished moving and are settled for another year.

Mrs. Harrison Conn, who was very ill the week past, is improving.

B. C. Carl entertained the young people with a dance Wednesday night. An elegant time is reported.

One good point about the new President is that he lets it be known that his chief duty is not to provide berths for office seekers.

Mrs. Cynthia Williams and daughter, Miss Mollie, of Owingsville, visited Mrs. Ed Toy, last week.

News has reached here that little Miss Ruby Picklin has been ill at Waldron, Indiana.

The Blue Grass Journal is sure a gem of the blue grass. May it live long and prosper.

The many friends here at his old home deeply regret to hear of the illness of Overton M. Jones at Grassy Lick.

Most men seem to be more willing to give the ballot to just plain woman than to give it to the suffragette.

Tom Sanders and wife, of Little Rock, were visitors here Saturday and Sunday.

Raymond Smathers, of Springfield, seriously injured one of his limbs last week, getting it caught between a loaded wagon and a tree.

To the younger generation, life seems to be one "blamed" disease after another, many now being in the clutches of the measles.

Saturday morning the residence into which Ed Gorrell had just moved caught fire and was destroyed. The fire supposedly caught from a defective flue, and, as a stiff wind was blowing, but very few household goods could be saved. Some household goods belonging to A. B. Wills, who was moving from the house, were also burned.

LEVEE.

Clarence Hadden and family have moved from Mt. Sterling to the Tom Barrow farm. We are glad these excellent people have come back so near the Levee.

Mr. Sam Turley's son has moved to the farm Mr. Turley bought of the Thomas heirs.

Henry Thomas has moved to Dr. See's place on the creek near the Levee.

Tilford Bowen and family have moved to the farm he bought of the Evans heirs. Mr. Bowen intends to build a new house and barn and improve that place considerably this year.

Mrs. Susan Riddle, who has been very sick, is some better at this writing.

Sowing tobacco beds is the most talked of topic in this section.

Miss Hattie Knox visited Miss Nettie Richardson last week.

Miss Mary Bell Monroe visited Miss Nell Snelling Saturday and Sunday.

ITEMS OF INTEREST.

R. F. Moore sold this week to John Adams a large amount of fodder at 20 cents per shock.

E. R. Little, of this county, this week sold his farm containing about 161 acres on the Maysville pike to W. Hord Tipton and Mrs. Lula P. Tipton, of this city. The price is private but known to be about \$130 per acre. Possession given at once. Mr. Little will remain on the place until the coming fall. The sale was made through real estate broker, W. Hoffman Wood.

Pendleton Trimble, of Camargo, this week purchased from Charles Wyatt of the same neighborhood, a nice driving mare for \$150.

James M. Hutsell has traded with Evermount Charles to raise a crop on the Fesler farm, which he recently purchased, and he has moved to the place, where he will grow about 5 acres of tobacco and 40 acres of corn.

John W. Boardman sold a nice driving mare to Mr. Kerns, of this county, at \$125.

Drennon Brothers purchased this week from Howard C. Howell about 41 acres of land lying on the Grassy Lick pike and adjoining their farm for which they paid a private price. Possession given at once.

Luther C. Ogg has purchased of Bernard Guilfoile a nice bay mare, for which he paid \$145.

Mrs. Rankin, of this county, sold this week to Bud Lane, 5 acres of unimproved Hinkston ridge land for \$100 per acre, the land being located at the Hinkston bridge on the Maysville turnpike.

Don't forget the sale of the Harry Thomson farm, at Thomson Station, on next Wednesday, March 12, 1913. Come and buy a nice home. The farm will be sold so that you can get almost any amount of land you want and at your own price.

Ben and Frank Drago have made arrangements with W. Hord Tipton for the ensuing year, and will move on the farm Tipton purchased this week from E. R. Little. They will grow 15 acres of tobacco and about 12 acres of corn.

The sale of the personal property of Mrs. Matt Anderson, dec'd, was attended Wednesday by a very large crowd, and prices realized for the household goods were very high, the antique furniture bringing the best prices in years. A nice 2 year-old colt sold for \$92.50 and a brood mare brought \$70. William Cravens, auctioneer, cried the sale.

George Denton, Executor of Mrs. Minnie Henry, deceased, rented the farm near Aaron's Run, containing 100 acres to Lawrence Peed for the ensuing year. The land will be cultivated 20 acres in corn, 7 acres in oats and balance in grass. The price paid was \$365, equal to cash.

A good crowd attended the sale of personal property of J. B. Gay on Grassy Lick pike Friday. Stock and farm implements and household goods brought high prices. William Cravens, auctioneer, cried the sale. Mr. Gay and family will move to Lexington to reside.

Chenault Woodford this week purchased from James Wilson 60 head of 150-lb. hogs at 8¢ per pound.

C. L. Dalzell has purchased in the Plum Lick neighborhood about thirty hogs at from 7½ to 7¾ cents per pound from various parties. —Blue Grass Journal.

Noted Brood Mare Dead.

The noted producer of saddle horses, Fannie Blackburn, owned by W. Ed. Sledd, of this county, died Wednesday night at his farm on the Grassy Lick pike. Fannie Blackburn was a bay mare, sired by Senator Blackburn; dam by Marshal Ney, and 22 years old. She was the dam of many noted show horses and blue ribbon winners, Emerald Ray, owned by Ray Moss, being one of her best colts and most successful show horses. Fannie Blackburn was valued at \$500, and her death falls heavily on Mr. Sledd. —Blue Grass Journal.

SADDLE HORSE NEWS.

Star Emerald, bred and owned by Chas. Dale, has quite a show record since a 2-year-old, having won the gaited class for 3-year-old stallions and again at 4 years old at our County Fair.

Old Beauty 104, by Magic out of Benton's Diomedé mare, owned years ago by the Fogg family, figures in many pedigrees of our show horses. The same is true regarding Marshall Ney, also a winner at Paris. This horse, as well as his dam that won many pitchers and cups, were owned by John S. Wyatt, Sr.

At the Emerald Chief farm many noted horses are being produced, Golden King having to his credit such show horses as Golden Girl; the sensational Young Bill, recently sold to the Government at a long price. Cloud King and Golden King were winners of the \$1,000 stake at Lexington a few years ago, Cloud King later sold at a reported price of \$5,000. From this farm Emerald Bell, by Emerald Chief, bursts forth in all her glory, defeating a great field and selling before sunset after winning the gaited stake at our first fair. High Chief, another son of Bourbon Chief and Daisy Moss by Senator Blackburn, bred and sold by Ray Moss when three years old to a party in Illinois, was a winner here and in his new home at 4 years swept his classes over the best, these including the get of Rex McDonald, Montgomery Chief, Kentucky Fox and others. Star Cloud from same farm with Cloud King for sire out of High Chief's dam, won in Missouri last year where the Rex's are thick.

The show horses that have gone forth from our good old county can possibly never be duplicated by any county in the State and none need have any fears about our future in this line, as we have

the blood that produced these with a better knowledge how to breed them for the best results. Today our county is growing youngsters that in the near future will add to our prestige as the center of the blue grass section where champions are born, reared and go forth to battle with the best and be returned Kings and Queens among the most beautiful, the most useful and docile breed of equines yet produced. —Blue Grass Journal.

CATTLE SALES.

Lafe Risner purchased of Charles Rose, of Clark, county, a bunch of nice heifers at \$6 per hundred pounds.

Jonas Weil, of Lexington, sold this week to Prewitt & Company, of Clark county, 300 head of sloped cattle at a price said to be 8¢ per pound. The cattle will weigh about 1,300 pounds.

In Bourbon county this week, Catesby Woodford sold to Maury Weil, of Fayette county, 6 1,400 pound cattle at 8 cents per pound.

John C. Trimble, of the Stoops neighborhood, has sold to Thomas N. Coons, of the same place, 100 head of feeding cattle for delivery next September at 6¢ per lb. The cattle will weigh about 1,100 at time of delivery.

In Madison county, this week, John Adams, of Montgomery county, Ky., bought twenty-five 800-pound steers at 7 cents, and eighty 300 to 400-pound yearlings at \$28 to \$33 per head; Lafe Risner bought thirty head of yearling cattle at \$35 per head, and George Halsey bought eleven steers at \$40 each. —Blue Grass Journal.

Let hogs out in the sunshine. They will stretch out and enjoy it better than something to eat. Give them a chance to lie in the sun every day that you can. —The Blue Grass Journal.

"The Shepherd of the Hills."

Occasionally some play strikes a note that rings out clear and true in the midst of the commonplace and impresses its auditor with the thought that it was written not for gain, nor for pastime, but because some men had something to say to other men and he took this means of expression.

"The Shepherd of the Hills," Harold Bell Wright's dramatization of his novel of the same name, is this kind of a play. Mr. Wright had felt within his soul the peace and beauty of the hills and he wished to set down their meaning before him. He made a play that in plot is compelling, one that never fails in sincerity. The people who move in it are so human that the auditor will pick them out for like and dislike as if he really knows them.

There is the shepherd, the man who came to the hills to learn, and remained to teach; Old Matt, who cherished the memory of a wrong that could never be righted; Young Matt, a Hercules of the hills, whose strength of heart and soul equaled the strength of his body; Sammy Lane, bright and buoyant with the youth of the hilly country, and the other quaint characters that enliven the play with humor.

The scene of the play is in the high hills of the Ozark mountains. The mists of the valleys, the glories of the sunsets, the magnificent vistas from the summits have been brought out by the wonderful ingenuity of scenic artist and electrician's craft. It is the spirit of the land that Mr. Wright has caught that makes the play one that is unique and one that will stand in a field of its own. Tabl Opera House, Thursday, March 13.

BIBLE STUDY ON

ABRAHAM'S FAITH TESTED.

Genesis 22:1-13—March 16.
"I desired mercy, and not sacrifice; and the knowledge of God more than burnt offerings."—Hebrews 11:13.

TODAY'S Study tells one reason why Abraham was styled the Father of the Faithful. His history, depicted in the Bible, is one of trust in the Divine promises; but the final test, which we study today, marked him very high, according to Divine and human standards. The faith recorded in our lesson is so colossal as to amaze us!

This test came through the Divine command that Abraham should take Isaac, the heir of promise, and offer him in sacrifice on Mt. Moriah. Abraham was now one hundred twenty-five years old. Isaac was the Divinely appointed channel for the blessings promised.

Now after half a century of waiting and trusting, could it be possible that God wished him thus to demonstrate his faith? It was so. He had a positive command. It was no imagination, no whisperings of witches or wizards. It was no dream.

To one of Abraham's character, the Divine command meant prompt obedience. Forthwith he journeyed, accompanied by his servants. Then leaving them, Abraham and Isaac journeyed to the top of Mt. Moriah, afterwards the site of the Temple. The very rock upon which Isaac is supposed to have been bound became the location for the Brazen Altar.

The patriarch and his son came to this spot. Then Abraham, with faltering lips, but determined heart, told Isaac of the Divine command. There he offered his son, even though the knife did not strike the fatal blow. The offering was complete in the sight of Heaven; and the land was stayed. As the Apostle explains, "Abraham received his son from the dead in a figure."—Hebrews 11:19.

The Antitype of All This. These incidents of olden time had their effect upon the actors; but to God's consecrated people, enlightened by the Holy Spirit, they have still further meaning. Abraham served as a type of God, and Isaac of Christ, Head and Body. In the antitype God freely offered His Son for the sins of the whole world. "God gave His only Begotten Son, that whosoever believeth on Him might have everlasting life."

In the antitype God arranged that Jesus should be Head of the Church, which is His Body. Hence the sufferings of Christ, accomplished by Jesus, were only part of the sufferings of the antitype Isaac. Here the Apostle declares, "We, brethren, as Isaac was, are the children of promise." The Church of Christ is required to prove her worthiness of sharing in the First Resurrection, by being made conformable to Christ's death. The cup which our Lord drank He passed on to His followers, saying, "Drink ye all of it."

The Ram in the Thicket. When God stayed Abraham's hand through the angel, a ram caught in a thicket was provided as a sacrifice instead. "This a ram in sacrifice became the symbol of the Seed of Abraham and an indication of the process by which reconciliation of Divine Justice will be made on behalf of humanity. This thought was repeated in God's subsequent dealings with Israel. Thus the Passover Lamb was slain, and its blood sprinkled, typifying foretelling that there could be no Church of the First-born during this Gospel Age, except through the slain "Lamb of God, which taketh away the sin of the world." Israel's sin offerings and burnt offerings spoke of a redemptive work to be accomplished before the blessing could come.

Amidst many lessons learned from the testings of Abraham's faith are these:

(1) The necessity for the death of the One through whom blessings will eventually come to mankind. If Jesus had not died for our sins, there would have been no remission of them. Hence there would have been no resurrection of the dead, and in that event death would have meant extinction.

(2) Let us be sure that if Jesus had not faithfully consummated His part of the agreement and laid down His life, neither would He have shared in the grand consummation and exaltation to the Divine nature. St. Paul declared this, saying that our Lord was obedient unto death, "even the death of the cross, wherefore [on this account] God also hath highly exalted Him."—Philippians 2:8, 9.

(3) We are to remember that the same rule applies to all of the Church. It is not sufficient that we consecrate our lives. We must show our loyalty and our faithfulness by laying down our lives, by taking up the cross, by drinking of His cup, by being immersed into His death. Only such will share Messiah's Throne of Glory. "If we suffer, we shall reign with Him; if we are dead with Him, we shall also live with Him."—2 Timothy 2:11, 12; Romans 8:17.

Mrs. Albert O'Rear Dead.

Mrs. Mollie O'Rear, wife of Mr. Albert O'Rear, of this county, who has been in very feeble health for several years past, died at Lexington Sunday. The remains were brought here Monday and taken to Grassy Lick, where services were held Tuesday morning with interment in Machpelah cemetery.

Mrs. O'Rear was a woman of lovely Christian character, ever willing and ready to aid those in sickness and distress, and the news of her death will be heard with much sadness. She is survived by her husband and two children, Mrs. H. L. Greene, of this county, and Mrs. J. Ross, of Simpsonville, Ky., besides many relatives in Bourbon county. Before her marriage to Mr. O'Rear she was a Miss Gilkey, of Bourbon county.
